The Division of Consumer Affairs does not approve, endorse or recommend any business. This list of insurance companies has been compiled and published pursuant to State of Tennessee Public Chapter No. 1053, enacted by the Tennessee General Assembly during the 2012 legislative session. The presence of an insurance company on this list only means that the company is licensed by the Tennessee Insurance Division to sell property and casualty insurance in the State of Tennessee as of the date this list was compiled and that the company is known to have written surety bonds for health club operators currently registered with the Tennessee Division of Consumer Affairs.

Any insurance company holding the necessary Tennessee license has the authority to write surety bonds, consequently there are other insurance companies that may offer this product to Tennessee residents. The Tennessee license status for all insurance companies can be verified through the following link:
